EXPERTISE

React Native	★★★★☆
React	★★★★★
JavaScript	★★★★★
TypeScript	★★★★★
Node & Exprerss	★★★★★
HTML & CSS	★★★★★

TOOLS & FRMAEWORKS

Framer-Motion | NEXT JS | Tailwind CSS | Chakra UI | Expo | Animated Api | Slack | HubStaff | Trello | Firebase | Google Cloud Platform | FCM | Apple & FB Auth | React-Redux | Redux-Saga | Formik

WORK EXPERIENCE

⬤ **Designs.Codes**   May 2021- Present
React Native Developer

PEER DISPATCH: Ride Sharing + Delivery App
React Native (Mobile app development)
- Developed bare react native, cross-platform user-facing taxi app for delivery and ride-sharing
- State management using Redux. Redux-persist with saga middlewares
- Added Logic to use Client and Driver screens in a single app with persisting data locally
- Used modern packages for advanced features like Google maps, smooth animations,
- Broadcasted data with help of **socket.io** to use in multiple drivers and multiple clients' screens simultaneously
- Added in-app chat features to Driver-client chat and Assistant chat
- For user engagement implemented firebase push notifications and toast messages for in-app notification

QWERTYBIT: Next JS website
- Developed and implemented front-end architecture to support user interface concepts.
- Managed brand consistency throughout the design and maintained & improved the company's website by adding more features and functionality
- Created features to enhance the user experience while ensuring that the web design is optimized for smartphones
- Integrated Contact forms for queries and support and markdown files for blogging
- Managed to use the website in English and Romanian languages

Travel Planner App: Expo + firebase
- Developed react-native cross-platform Travel planner App
- Designed and build modern user interfaces to enhance application performance.
- Experience in popular React.js workflows (such as Hook, Redux, Redux-saga, Moment.js)
- Added Logic to use Client and Driver screens in a single app with persisting Data locally
- Used modern packages for advanced features to use in Google maps, smooth animations, Carousals, validated forms and other components
- Used Firestore for real-time data management and authentication

⬤ **Twigo Technologies Pvt Ltd**   Jan 2020- May 2021
React Native Developer

- Developed cross-platform user-facing features using React Native.
- Optimized components for maximum performance across a vast array of platform-capable devices.
- Created custom mobile applications using native technologies.
- Integrate data from various back-end services and databases
- Designed and build modern user interfaces to enhance application performance
- Applied various techniques to locate bugs and errors in applications for speedy issue resolution.

EDUCATION

Bachelor of Technology, EE
2015-2019
- Malaviya National Institute of Technolgy, Jaipur

Intermediate
2012-2014
- Patna Collegiate School, Patna

EXTRACURRICULAR ACTIVITIES

- Completed Multiple Courses on React and React Native on Udemy
- Completed programming and management courses on Edx.org
- Web Designing for Twigo.in
- Created www.bol-bihar.vercvel.app, a Blog website using next JS and GraphQL CMS
- Created a production-ready Lawyer website www.bindubhai.com using Next JS and Tailwind CSS

PERSIONAL TRAITS & HOBBIES

- Self-motivated, Enthusiastic, Curious, Energetic and Adventurous, Team Leading, Tech
- Sports:Chess,Cricket,
- Hobbies:Gardening,readingtechblogsandtrends
