Avinash Aryan

Lead Mobile App Engineer | React Native · Next.js · TypeScript

Patna, Bihar, India · +91-9431210691 · aviaryan77@gmail.com · linkedin.com/in/avinash-aryan · github.com/aviaryan77 · Portfolio: aviaryan.vercel.app

Summary

Lead Mobile App Developer with 5+ years of experience building cross-platform mobile and web applications for iOS, Android and web using React Native, Next.js, React, TypeScript and JavaScript. Led mobile development at Splitkaro for 4+ years, scaling its expense-splitting app to 100K+ downloads and 90,000+ active groups. Strong in UI/UX, animations, state management, real-time features, REST API integration and performance optimisation. Founder of Lybi.in, a library discovery and seat-booking platform.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Mobile:** React Native, Expo, iOS, Android, Reanimated, Lottie, push notifications, offline-first sync
- **Frontend:** React, Next.js, Tailwind CSS, responsive web design
- **State & Data:** Redux, Redux-Saga, Redux Persist, React Query, REST APIs, GraphQL, WebSockets
- **Backend & Cloud:** Node.js, Express.js, Firebase, MongoDB, AWS, GCP
- **Auth & Payments:** NextAuth, JWT, Razorpay, role-based access control (RBAC)
- **Tools:** Git, GitHub, Postman, Vercel, Claude Code

Experience

Lead Mobile App Developer | Splitkaro | Remote | Jun 2022 - Present

- Lead mobile development of Splitkaro's React Native + TypeScript app across Android, iOS and web: 100K+ downloads, 4.4-star rating from 9K+ Google Play reviews
- Built real-time group expense tracking with Firebase, powering 90,000+ active groups and INR 93 crore+ in settlements in 2026
- Built automatic expense capture from bank SMS, card and bank PDF statements, UPI apps and receipt scanning

- Shipped item-wise bill splitting, smart settle-up reminders and one-tap Splitwise balance import
- Built analytics dashboards with category-wise spending insights and monthly summaries
- Improved retention through UX optimisation and Reanimated animations

React Native Developer | designs.codes | Remote | May 2021 - Jun 2022

- Built a ride-sharing app in React Native with separate driver and passenger apps
- Implemented real-time booking and live tracking over WebSockets
- Added push notifications and Redux-based state management
- Built offline sync using Redux Persist

Projects

Lybi.in - Library Discovery & Booking Platform | Founder & Product Engineer | Aug 2025 - Present | lybi.in

- Founded and built a platform where students discover and book library seats, and library owners manage their spaces, aimed at Tier-2 and Tier-3 cities
- Designed the end-to-end frontend architecture with Next.js and React Native
- Built daily and monthly seat-booking views and role-based auth for students and library owners
- Built Redux-Saga dashboards handling high-volume booking data

Qtopia - EdTech Quiz Platform | Freelance Frontend Consultant | Jun 2023 - Dec 2024

- Led frontend development for a Next.js web platform and a React Native app
- Built AI-powered question generation with image scanning
- Implemented role-based access control for students and teachers
- Improved quiz completion rates by optimising event subscriptions

Education

Bachelor of Technology (B.Tech), Electrical Engineering | Malaviya National Institute of Technology (MNIT) Jaipur | 2015 - 2019

Certifications

Claude Code in Action | React Native - The Practical Guide | React Native Expo for Multiplatform Mobile App Development
